Job Description

Company Overview: One of the leading MNC providing various services to multinational corporations with their real estate needs in India.

Job Overview: Looking for GM Design having strong experience into leading and implementing corporate interior design projects PAN India.

Job Responsibilities:

- Lead the creative interiors efforts on client projects, developing overall design concepts and design presentation strategies. This individual is key to managing existing client relationships and developing new ones.
- Lead interior design efforts that include programming client needs, conceptual design, schematic design, design development, space planning and construction documentation.

- Advise on the selection and presentation of furniture, furniture systems, fabrics, equipment (FF&E), color palettes, and lighting.
- Supervise the generation of finish plans, specifications, and material selections needed for construction.
- Provide design support and documentation during completion and execution of design concepts.
- Work with external consultants, product representatives, furniture dealers, and fabricators.
- Mentor and provide creative direction to interior design teams.
- Act as the primary interior design interface with clients and consultants.
- Collaborate with team members and colleagues to promote an inter-disciplinary design approach and philosophy.
- Participate in business development and marketing efforts.

Job Requirements:

- Graduate in Architecture with 10 to 15 years' professional experience in creating and developing overall design concepts and formulating design presentation strategies.
- Experience creating and developing overall design concepts and formulating design presentation strategies particularly for corporate interiors.
- Extensive Design and delivery project experience.
- Outstanding graphic presentation skills.
- Proven track record of success in maintaining and growing client relationships.
- Strong, persuasive communicator with excellent verbal presentation skills and the ability to communicate complex design concepts to clients.
- A desire to mentor team members, offer guidance and leadership.
- Knowledge of furniture, finishes, materials, color selections, and specifications.
- Experience with Revit, SketchUp, AutoCad, Adobe Creative Suite and other relevant software.
