## Job Description

We are looking for the first local employee in our India subsidiary, who will primarily lead sales and marketing activities.

### ■ Market Research & Customer Pipeline Development

- Conduct market research on automotive OEMs, Tier-1, Tier-2 suppliers, and interior components manufacturers.
- Identify potential customers across India, with a focus on Aurangabad and Pune.
- Gather information on customer product needs, purchasing processes, and relevant local regulations.

### ■ New Customer Outreach

- Conduct regular visits to existing partner companies.
- Schedule appointments with potential customers via phone and email.
- Develop sales narratives based on factory setup possibilities, supply capabilities, and product strengths.

■ Product Explanation & Technical Proposals

- Explain specifications and advantages of seat springs and interior components.
- Compare customer's current parts with our products and propose cost-reduction options.
- Coordinate with the Japan technical team, including translation and alignment of drawings and technical documents.

■ Quotation, Price Negotiation & RFQ Handling

- Respond to RFQ inquiries and collect required information from customers.
- Coordinate quotation details with the Japan headquarters and the Thailand plant.
- Handle price negotiations, delivery schedules, and verification of commercial and logistics schemes.

■ Business Travel

- Travel across India while being based in Aurangabad.
- Participate in factory visits, supplier assessments, and customer meetings.
