Job Description

Position: QA/QC Manager

Salary: 90,000 - 120,000 THB

Location: Rojana Industrial Estate, Ayutthaya

Responsibilities:

- Quality planning and mass production handover
- Quality process monitoring and management
- Serving as the customer liaison, quickly handling customer complaints, and preparing 8D reports (root cause analysis, corrective actions, and effect verification) to meet customer quality standards.
- Technical document management: Responsible for PPAP document preparation, maintaining control plans (CP),

inspection instructions, inspection standards, and other technical documents.

- Product quality control: Responsible for quality control of die casting and post-processing, conducting failure analysis on die casting defects (such as porosity, shrinkage cavities, scoring, and flow marks), and driving on-site process improvements.
- Experience in the aluminum die-casting industry is preferred; experience in the aluminum die-casting industry is a plus.
- Ability to create work instructions and assist with customer inspections.
- Familiarity with IATF 16949 quality management standards; mastery of the basic requirements of PPAP, APQP, FMEA, MSA, SPC, etc.; proficient in using quality management methods.

Qualifications:

- Experience in the aluminum die-casting industry is preferred; experience in the aluminum die-casting industry is a plus.
- Ability to create work instructions and assist with customer inspections.
- Familiarity with IATF 16949 quality management standards; mastery of the basic requirements of PPAP, APQP, FMEA, MSA, SPC, etc.; proficient in using quality management methods.
