Job Description

Company Overview

A company in the enterprise software consulting industry is hiring for two Middle – Senior SAP FICO Consultant positions.

Job Description

- Lead and facilitate Business Blueprint sessions and prepare related documentation to align system design with business requirements.
- Develop configuration setups, functional specifications, and test scripts including unit and integration testing.
- Work closely with technical teams to support development of Forms, Reports, Interfaces, Conversions, Enhancements, and Workflows.
- Ensure effective integration between SAP modules and coordinate requirements for integration with external systems.
- Prepare and deliver training materials and documentation for key users and conduct training sessions based on official

SAP Education materials.

- Participate in SAP implementation and rollout projects as well as ongoing support and maintenance activities.
- Handle support requests and provide timely resolution for helpdesk tickets while maintaining project timelines and quality standards.

Qualifications

- Bachelor's degree from a recognized university.
- At least 5 – 8 years of experience working as an SAP Functional Consultant or in a similar role.
- Participation in a minimum of five full-cycle SAP projects or equivalent project experience.
- Hands-on experience with SAP S/4HANA and SAP Fiori implementation.
- Strong presentation and communication skills.
- Fluency in both English and Vietnamese.
- Japanese language ability is an advantage.
