Who are you

- An experienced PM/PdM.
- You will be excited to work on the international team.
- Good Communicator.

Why you should apply

- Team Diversity
- Hybrid Work Policy: 2 days in-office per week; the company subsidizes home Wi-Fi expenses.
- Flexibility & Culture
- Clear Career Paths

Required Skills

Requirements

- Strong communication skills, with the ability to collaborate smoothly with both internal and external stakeholders
- Experience in product management for web services or mobile apps
- Bachelor's degree in Computer Science, Mathematics, or a related field
- Experience working alongside engineers, or hands-on experience as an engineer
- Language skills: Native-level Japanese and Business-level English

Preferred Qualifications

- Experience as a PM/PdM/TPdM
- Knowledge of cloud technologies (AWS, Azure, GCP)
- Familiarity with DevOps practices and tools
- Understanding of data analysis and business intelligence tools

Bonus Points!

- Possesses advanced technical knowledge and a strong passion for product development
- Has a global mindset and the drive to build services that scale internationally
- Excellent communicator who fosters seamless collaboration within teams
- Able to evolve the product through discussion and continuous improvement
- Always prioritizes the product perspective and can think comprehensively from strategy planning to execution
