## Job Description

POSITION TITLE Buyer / Purchaser

### POSITION SUMMARY

This position is responsible for procuring electronic components, materials, and parts to support production and sales requirements in a manufacturing environment. This role includes purchase order preparation, supplier coordination, inventory monitoring, and support for engineering and new product introduction activities.

### RESPONSIBILITIES

- Purchase and return materials, components, and parts to support production and sales requirements
- Research and evaluate suppliers; negotiate pricing, terms, and delivery schedules
- Coordinate with internal teams and suppliers to obtain quotations and ensure on-time delivery
- Support engineering and new product introduction initiatives

- Participate in weekly production meetings and report on critical delivery status
- Manage inventory levels to minimize shortages and excess stock
- Conduct supplier reviews and support supplier qualification processes
- Implement purchasing strategies such as JIT to optimize inventory
- Perform three-way matching of purchase orders, receiving documents, and invoices
- Handle additional purchasing-related duties as assigned

#### QUALIFICATIONS

- Minimum 5 years of purchasing experience in a manufacturing environment
- At least 2 years of experience using MRP systems preferred
- Strong attention to detail and sound judgment
- Ability to perform under pressure in a fast-paced environment
- Excellent communication and customer service skills
- Proven negotiation skills with a focus on cost reduction and quality
- Knowledge of JIT, TQM, KANBAN, and other manufacturing best practices
- Working knowledge of ERP/MRP systems and standard office software

LOCATION Torrance, CA (on-site)

EMPLOYMENT TYPE Exempt Classification

SALARY USD70,000-80,000
