Job Description

Job Title: Sales Engineer – Injection Stamping Systems**About the Company**

We are a global leader in injection stamping systems, expanding our presence and operations in Vietnam.

Key Responsibilities

- Develop and manage sales opportunities for injection stamping solutions in Vietnam
- Provide technical consultation and propose optimized solutions to customers
- Prepare quotations, technical presentations, and support contract negotiations

- Collaborate with engineering and global teams to ensure successful project delivery
- Build long-term relationships with OEMs, manufacturers, and key accounts

Requirements

- Bachelor's degree in Engineering or related field
- 3+ years of experience in technical sales, preferably in plastics, stamping, or industrial machinery
- Strong technical understanding and customer-oriented mindset
- Good communication skills in English and Vietnamese
- Willingness to travel domestically as required

What We Offer

- Opportunity to grow with a global market leader
- Competitive compensation and development opportunities in a fast-growing market
