### Job Description

Position: QA Senior Officer (Asian Regional) – Automotive

Salary: 30,000 – 45,000THB +/- (Negotiable)

Location: Bangkok (BTS, MRT Line)

Our client is big brand manufacturing automotive parts.

Key Responsibilities of the position:

Regional Quality Management

- Conduct and monitor quality system audits across Asian plants and suppliers.

- Ensure compliance with IATF 16949, ISO 9001, and internal corporate standards.
- Consolidate regional quality performance and prepare monthly/quarterly reports.

#### New Model Launch & APQP Support

- Lead and monitor APQP activities with regional manufacturing sites.
- Review and approve PPAP documents, Control Plans, MSA, PFMEA, and process validation.
- Coordinate with plant teams and customers during pre-production and SOP phases.

#### Customer Quality Interface

- Act as the main point of contact for regional OEM quality matters.
- Manage customer complaints, warranty issues, and quality claims.
- Support root cause analysis and corrective actions (e.g., 8D, 5Why).

#### Problem Solving & Continuous Improvement

- Lead problem-solving activities using 5Why, Fishbone, and PDCA methodologies.
- Drive regional quality improvement projects and standardization initiatives.
- Track and monitor KPIs (PPM, FPY, Delivery Quality, etc.).

#### Qualifications

- Bachelor's degree in Engineering (Industrial, Mechanical, Electrical, or related field).
- Minimum 5–8 years of QA/QC experience in the automotive industry.
- Strong knowledge of IATF 16949, APQP, PPAP, MSA, FMEA.
- Regional or cross-country experience is an advantage.
- Strong English communication skills.
- Excellent analytical and coordination skills.
