Job Description

Job Description:

- Oversee daily warehouse operations, including inbound receiving, storage management, picking, packing, and outbound shipments.
- Maintain accurate inventory records through proper stock control, regular cycle counts, and timely reporting.
- Coordinate closely with the E-commerce team to prepare and fulfill online orders efficiently and on schedule.
- Monitor inventory levels and alert relevant teams when stock is low to support timely replenishment planning.
- Ensure warehouse organization, cleanliness, and compliance with safety standards.
- Support product preparation and logistics for livestream sales activities when required.
- Coordinate with third-party logistics partners to ensure smooth operational processes and resolve any issues that arise.

Qualification:

- Bachelor's degree in Logistics, Supply Chain Management, Business Administration, or a related field.
- 3–5 years of experience in warehouse operations, logistics, or e-commerce fulfillment.
- Strong understanding of warehouse processes: inbound, storage, picking, packing, outbound, inventory control, and cycle counting.

- Experience working with WMS or inventory management systems.
- Good coordination skills, with the ability to work across internal teams and third-party logistics partners.
- Problem-solving mindset and ability to manage day-to-day operational issues effectively.
- Detail-oriented, organized, and able to work under pressure in a fast-moving environment.
- Proficient in English with positive attitude, teamwork-oriented, and flexible to support operational needs.
