Job Description

【求人No NJB2369000】

【仕事内容/Job Description】

1. 市場および製品の理解
 - ・ 顧客課題の精査・分析によるインサイト収集・整理
 - ・ 市場動向、需要、トレンド、法規制、競合戦略の分析
 - ・ 競合情報の定期収集と製品戦略立案への情報提供

2. プラットフォーム／ポートフォリオ管理
 - ・プラットフォーム戦略およびロードマップ策定の主導・支援
 - ・市場ニーズに対応した製品ポジショニング計画の策定
 - ・バリューチェーン全体との連携による顧客の声の反映
3. コンセプト企画およびプロジェクト管理
 - ・データ分析に基づく課題特定と意思決定の推進
 - ・プロジェクトコンセプト定義の主導（Kick offからSoPまで）
 - ・タイムラインおよび業務プロセスに沿った成果物の追跡
 - ・プロジェクトリスクの特定と緩和策の定義・フォローアップ
 - ・変更管理の調整・運営
 - ・意思決定に必要な報告書および関連資料の作成

Key Responsibilities:

1. Market and Product Understanding

- o Collaborate with segment strategy and markets to scrutinize and analyze pain points bundling customer insights for future vehicle platforms
- o Analyze market situation/demand/future trend/regulation/competitor strategy
- o Build product intelligence competition tracking product chessboards product gaps on a regular basis to provide a reference for product directions

2. Platform/Portfolio Management

- o Lead and support the development of platform strategies and roadmaps to guide DTA's overall product prioritization process
- o Develop product positioning plans that meet current and future market needs and achieve business profitability and growth objectives
- o Liaise with stakeholders including bodybuilders partners and customers creating touchpoints throughout the value chain to ensure that the Voice of the Customer (VoC) is triggered during project planning phase

3. Concept Planning and Project Project Management

- o Lead product and project concept definition from kick off to SoP analyzing challenges using data and guiding stakeholders toward data driven decisions
- o Independently track key project deliverables according to the project timeline and Fuso Bus business processes
- o Identify cross functional project risks and define and follow up on mitigation measures
- o Coordinate and manage project change management independently
- o Prepare project reports and documents for decision making at the MFTBC product forum

※Selection Process

This selection process is primarily conducted by Mitsubishi Fuso Truck and Bus Corporation (hereinafter referred to as the Company) and the Company will be the employer (the party entering into the employment contract). Due to the launch of a new business you are expected to be transferred (tensekki) to a new company upon its establishment. (In this case the employer under the employment contract will change to the newly established company). This transfer will be carried out only after obtaining your consent at the time of job offer acceptance. Furthermore due to the nature of the business operations representatives from the Company and Mitsubishi Fuso Bus Manufacturing Co. Ltd. may participate as interviewers. Application information may be shared between the Company and the representatives of the aforementioned company for recruitment purposes. All representatives are bound by confidentiality obligations and will not use the information for any purpose other than the selection process.

■Job Summary

Our product project teams steer new truck development projects ensuring that we launch products that delight our customers and are introduced in time quality and cost. Our Sales leads are the face and voice of the market within the project team as product management. They steer and coordinate all relevant sales activities moderate between organizational constraints and market needs and harmonize different regional requirements in one sound product line up. They successfully prepare and execute their product launches by listening to the markets providing a clear direction ensuring clear information flow and alignments between the markets and HQ identifying managing sales related risks and searching for defining countermeasures for sales issues.

They facilitate and lead cross functional discussions for market requests as well as feature deep dives to define the customer value proposition. Under their leadership the sales organization finds their voice in the project team and completes all preparations towards a smooth product launch in the markets.

1. Market Understanding

Conduct analysis of the characteristics and needs of responsible market LDT (diesel Canter eCanter) segment and systematically organize the information required for vehicle development projects.

2. Product project Sales Sub Project Lead

Participation to product project CTM as SPL (sales representative). Ensure required deliverables as representative of sales/market. Co ordinate with sales and market management team to ensure timely and smooth launch of product projects

3. Communication and documentation

Coordinate with Sales in Advanced market towards Product development and launch activities

【部門の説明/紹介】
