## Job Description

### Company Overview

A company in the banking and capital markets industry is hiring for a Credit Trader position. The firm operates a dynamic trading platform focused on delivering consistent client service and sustainable trading performance across market cycles. This role offers the opportunity to be part of a professional trading environment that values disciplined risk management, collaboration, and long-term client relationships.

### Job Description

The Credit Trader plays a key role in supporting the trading desk's revenue objectives through active credit trading and market-making activities. The position contributes to the firm's broader goal of building stable, diversified trading income while maintaining strong risk governance.

Key responsibilities include:

- Making competitive and consistent markets to clients with a focus on generating sustainable trading revenue across various credit cycles.
- Managing order execution and trade flow in a disciplined, risk-controlled manner while upholding fiduciary

responsibilities.

- Working closely with sales teams and Corporate Banking or Private Banking partners to deepen client engagement and generate additional business.
- Monitoring trading activities to ensure compliance with approved risk limits, internal guidelines, and regulatory requirements.
- Supporting ad-hoc initiatives and projects as assigned by the trading desk or management team.

Qualifications

- Bachelor's degree in Economics, Finance, or a quantitative discipline.
- At least five years of relevant experience within the banking industry, specifically in global markets trading with exposure to credit-related instruments.
- Strong knowledge of credit derivatives or structured products such as CLOs and ABS.
- Proficiency in spoken and written English and Chinese to effectively liaise with Chinese-speaking headquarters counterparties.

We regret to inform that only shortlisted candidates will be notified.  
We appreciate your understanding.
