Job Description

Position: Purchasing Manager

Salary: 35,000 – 65,000THB +/- (Negotiable)

Location: Pathum Thani

Our client is a well-known manufacturer and supplier of industrial components, specializing in metal fasteners.

Key Responsibilities of the position:

Procurement, Supplier Management & Supply Chain

- Support end-to-end purchasing activities from requisition to payment, including order placement, delivery tracking, and issue resolution.

- Verify order accuracy against supplier agreements and demand forecasts.
- Ensure supplier tooling meets customer standards through validation and periodic audits.
- Source, assess, and onboard new suppliers; negotiate contracts, pricing, and terms; conduct performance evaluations.
- Negotiate and implement agreements to reduce overall costs in materials, logistics, tooling, and freight.
- Maintain compliance with BOI and import/export regulations by aligning documentation and processes.
- Prepare management reports on purchasing volumes, cost savings, and expense analysis.

Supplier Performance & Documentation Control

- Evaluate supplier performance, request corrective actions, and monitor improvements.
- Manage supplier documentation for new models, customer requirements, and audit readiness.

Additional Responsibilities

- Carry out other tasks as assigned by the Purchasing Manager or senior management.

Qualifications

- Education: Bachelor's degree in Business Administration, Supply Chain, Logistics, or a related discipline.
- At least 5 years of experience in purchasing, sourcing, or supply chain management, preferably within manufacturing (fastener industry will be a plus).
- Strong skills in negotiation, communication, and analysis.
- Knowledge of ISO standards, BOI procedures, and ERP systems.
- Proficient in English (written and spoken).
- Skilled in Microsoft Office, particularly Excel.
- Demonstrated leadership in staff training, problem-solving, and enforcing procurement protocols.
