Job Description

Key Responsibilities

- Define and execute end-to-end user growth strategy covering acquisition, activation, and retention
- Own key growth levers including campaigns, pricing, lifecycle initiatives, and incentives
- Analyze and optimize the user journey across the full funnel; identify drop-off points and drive conversion improvements
- Design and run A/B tests and experiments; translate data insights into scalable business initiatives
- Partner cross-functionally with Product, Marketing, Data, and Operations teams
- Align global strategy with local Japan market execution
- Lead strategic planning, KPI monitoring, and performance reviews for leadership

Required Skills

Required Skills

- 5–10+ years in strategy/consulting, growth/user operations, or tech/digital platforms
- Strong analytical and problem-solving skills with hands-on funnel optimization experience
- Deep understanding of user behavior and growth levers in digital environments
- Ability to operate both strategically and hands-on
- Strong stakeholder management and communication skills
- Business-level Japanese and English required

Company Description
