Job Description

This role leads User Acceptance Testing for regular system releases, coordinating closely with business users and development teams to ensure high-quality outcomes. It focuses on test planning, execution tracking, defect management, and clear communication to support smooth and reliable releases.

Client Details

This position is with a small-sized company in the financial services industry. The organization is focused on providing innovative financial solutions and operates within a collaborative and technology-driven environment.

Description

- Lead and coordinate User Acceptance Testing for regular system releases, ensuring smooth execution and high-quality outcomes.
- Track test progress, manage defects, and provide clear reporting and communication to stakeholders.
- Collaborate closely with business users, developers, and offshore teams to validate fixes and support release readiness.
- Prepare test documentation and contribute to continuous improvement of testing processes and standards.

Job Offer

- Competitive salary
- Opportunities for professional growth in the financial services industry.
- Work in a technology-driven environment in Tokyo.
- Chance to contribute to innovative financial solutions.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Serina Miyazono on +81 3 6627 6130.

Required Skills

- Brings 5+ years of hands-on experience in software testing or QA, including solid expertise in User Acceptance Testing (UAT).
 - Demonstrates strong communication and stakeholder-management skills, with the ability to collaborate effectively across local, regional, and offshore teams.
 - Japanese and English Business Level required
 - Possesses strong attention to detail, excellent organizational skills, and the ability to manage test cycles, documentation, and reporting with accuracy.
 - Is proficient in using tools such as JIRA and Confluence, and has a good understanding of the full testing lifecycle and best practices.
