Job Description

A global and one of the world's largest Insurance Service provide is seeking an experienced Change & Incident Management Manager to join the Data Management Office (DMO) Team.

Responsibilities:

- Own and drive end-to-end Change Management processes across Azure and data platforms
- Plan, schedule, and govern change requests, releases, and deployment windows

- Conduct impact analysis, risk assessments, and change validation reviews
- Facilitate and manage CAB (Change Advisory Board) meetings
- Ensure compliance with enterprise change governance frameworks and audit requirements
- Maintain proper documentation, change records, and approvals tracking
- Lead and coordinate incident management lifecycle, including P1/P2 incidents
- Act as the central escalation point during high-severity incidents
- Drive incident triage, stakeholder communication, and resolution tracking
- Ensure timely business impact reporting and service restoration
- Conduct Post-Incident Reviews (PIR) / Root Cause Analysis (RCA)
- Identify recurring issues and drive preventive actions and service improvements
- Ensure alignment with ITIL-based ITSM practices
- Monitor and improve SLA / KPI adherence for incidents and changes
- Support operational readiness through runbooks, SOPs, and documentation reviews
- Collaborate with engineering and data teams to improve service stability and reliability
- Runbooks, Change records, Incident reports, SOPs and governance documents
- Ensure documentation meets audit, compliance, and internal standards
- Act as the bridge between business, IT, and vendor teams
- Provide structured updates to stakeholders on incidents, risks, and changes
- Coordinate across global and local teams in a matrix environment

Required Skills

Required Skills

- 5+ years of experience in either Incident Management, or Change Management, or IT Service Management (ITSM)
- Strong understanding of ITIL processes (Incident, Change, Problem Management)
- Proven experience managing enterprise-scale IT operations environments
- Experience handling high-severity incidents (P1/P2) in production systems
- Strong experience in documentation review, governance, and audit readiness
- Excellent stakeholder communication and coordination skills
- Ability to operate calmly and decisively during high-severity incidents

Why should you apply:

- Opportunity to work with global teams and great Work-Life-Balance
- Great team dynamics and learning opportunity
- Opportunities to work with World's leading insurance company (fortune 500 company)
