### Job Description

A Life Insurance firm in Japan is looking for a talented **Information and Transformation Strategy Expert** to align the Information & Transformation budget with corporate priorities, develop and implement our strategic plan and manage key

stakeholder relationships both internally and externally.

**Responsibilities:**

- Supports the development and refinement of the I&T strategic plan (Most Recently 2027-29), ensuring alignment with overall business objectives and industry best practices
- Assists in building and managing the I&T budget, ensuring resources are effectively allocated to prioritize strategic initiatives
- Contributes to shape the company's digital and technology future by leading strategic initiatives aligned with corporate growth plans
- Assists in risk management and regulatory compliance activities related to I&T projects
- Works alongside senior leaders and cross-functional teams, gaining valuable exposure to enterprise-wide transformation projects
- Drives meaningful change in the insurance and financial services industry, helping modernize core processes and adopt innovative technologies
- Leverages strategic thinking and stakeholder management in a high-impact, collaborative environment

**Why should you apply?**

- You will be joining one of the biggest global insurance companies in the world.
- You will be working with the international team with the best technologies in insurance domain
- 50% WFH and 50% Work from Office

**Company Details:**

A leading US global life insurance company with a strong presence in Japan, providing a wide range of protection and investment solutions. The organization is focused on digital transformation and innovation across its Information & Transformation divisions.

**Working Hours:** 9:00 – 17:00 (Mon-Fri)

**Working Style:** Remote (one day in-office per month)

**Holidays:** Two days off per week (Saturdays, Sundays, and holidays), Paid vacation, New Year's holiday, special leave, summer vacation

**Services/Benefits:** Social insurance, Transportation Fee, No smoking indoors allowed (Designated smoking area), etc.

**Interview Process:** 3~4 times

---

**Required Skills**

- Professional Experience: 3-4 years of experience in strategy consulting, management consulting, or working on enterprise transformation projects, ideally within the insurance, banking, or financial services sectors
- More than 10+ Years of working experience
- Strategic & Analytical Skills: Strong ability to analyze complex business problems, develop strategic recommendations, and translate them into actionable plans
- Stakeholder Engagement: Experience in working with diverse stakeholders, including senior management, and influencing decision-making
- Project Management: Familiarity with managing or supporting large-scale projects
- Communication Skills: Excellent verbal and written communication skills, with the ability to present complex ideas clearly and persuasively
- Personal Attributes: Strategic thinker with a proactive mindset, strong problem-solving skills
