Job Description

A global IT services company is looking for a **Senior Manager**.

As a Senior Manager, you will be responsible for defining the cloud product portfolio strategy, planning the strategic investment allocation to cloud products both private and public, and executing major strategic initiatives through program/project management team.

Your goal is to transfer and maintain our cloud product offerings as the best hybrid cloud portfolio in the world from scalability, agility, quality and cost efficiency perspectives.

Responsibilities:

- Product portfolio strategy based on the best mix of private and public cloud products
- Pricing strategy to guide our internal customers to maximize their productivity and mid-term ROI
- Budget management through strategic investment allocation based on the product portfolio strategy
- Program/project management to execute the transformation and strategy
- Security and Quality process governance with applying the most-up-to-date industry framework and compliances

Why should you apply:

- Great opportunity to be able to work for well-established company
- Cross-departmental communication is possible in an international environment

Company Details:

A global company with a strong presence in multiple business areas. It has achieved sustained growth both domestically and internationally, including in the U.S. and Europe. The company boasts a diverse and international environment and is committed to equal opportunity, offering a wealth of career opportunities. Due to the diverse nature of our business, we handle a wide range of technologies! You can also choose the environment you are most comfortable with, such as Windows/Mac! Meals in the company cafeteria are also free. Our chefs are always coming up with new menu items, so you can enjoy your meal without getting bored!

Working hours: 9:00 - 17:30 (Mon-Fri)

Working Style: Hybrid (4 days in office, 1 day work from home)

Holidays: Saturday, Sunday, and National Holidays, Year-end and New Year Holidays, Paid Holidays, Other Special Holidays

Services/Benefits: Social insurance, childcare support, stock options, commuting allowance, free cafeteria, personal clothing, no smoking indoors (designated smoking areas available)

Number of interviews: 3~4 online interviews

Required Skills

- Experience in Cloud platform industry (10 years+)
- Experience in cross-functional and cross-cultural teams (5 years+)
- Good understanding of Cloud industry, technology and DevOps process
- Reasonable understanding of ROI based decision making process and basic accounting
- Previous leadership and management experience of a mid size organization (at least 10, ideally 20+ members) in a tech company
- Outstanding people manager with the ability to influence and grow direct, indirect reports and peers
