You will work closely with insurers, technology providers, startups, and ecosystem stakeholders, while collaborating cross-functionally to execute sponsor deliverables and maximise ROI.

Key Responsibilities

Sponsorship & Exhibition Sales

- Identify and develop relationships with insurers, technology providers, startups, and solution vendors
- Build and maintain a strong pipeline within the Japanese market

Account Management & Sponsor Success

- Manage sponsor relationships from sale through delivery
- Ensure sponsors understand entitlements, timelines, and deliverables
- Support confirmation of sponsor speakers and coordinate with session participants
- Ensure sponsors have a positive experience and strong ROI from participation

Partnership Development

- Build relationships with local associations, media partners, and ecosystem organisations
- Identify partnership opportunities that support event growth and visibility
- Work with marketing to activate partnership collaborations

Cross-team Collaboration

- Work closely with marketing, content, and operations teams to ensure smooth execution of sponsor deliverables
- Provide local market insight and support coordination with local vendors when required

Required Skills

Requirements

- Native Japanese speaker with professional working proficiency in English
- 2–3 years of experience in sales, business development, partnerships, or account management
- Experience in the events or insurance industry is a plus
- Confident communicator, comfortable engaging with senior stakeholders
