Job Description

We are seeking a talented iOS Developer to join a fast-paced retail technology team in Tokyo. This temporary role offers a unique opportunity to work on cutting-edge mobile applications in a dynamic and innovative environment.

Client Details

The hiring company is a large organization in the retail industry, known for its innovative approach to technology and customer-centric solutions. They are committed to delivering high-quality products and services to their customers.

Description

- Design, develop, and maintain iOS applications to enhance customer experience.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Identify and fix bugs to improve application performance and reliability.
- Write clean, scalable, and maintainable code following best practices.
- Stay updated on the latest industry trends and iOS technologies.

- Contribute to the continuous improvement of development processes and tools.

Job Offer

- Free meals provided at the cafeteria.
- Opportunity to work in a large organization in the retail industry.
- Collaborative and supportive work environment.
- One day work from home (hybrid)

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Serina Miyazono on +81 3 6627 6130.

Required Skills

- Experience in developing and deploying iOS applications.
 - Strong knowledge of Swift and Objective-C programming languages.
 - Familiarity with iOS frameworks such as Core Data, Core Animation, and Core Graphics.
 - Understanding of Apple's design principles and interface guidelines.
 - Ability to work effectively in a collaborative team environment.
 - Problem-solving skills and attention to detail.
-
