Job Ref: 2OC0AQ

Responsibilities:

- Analyse investment opportunities using strategic analysis and financial modelling
- Support evaluation of deals across multiple industries and investment types
- Conduct quantitative and business analysis to assess potential investments

- Assist in managing portfolio company initiatives, including add-on investments and operational improvements
- Contribute to liquidity planning and investment strategy execution
- Participate in training programmes to develop value-added investment capabilities

Requirements:

- Bachelor's degree or above
- More than 2 years of experience in management consulting, investment banking, or equivalent
- Experience in investment analysis, financial modelling, or strategic evaluation
- Possess exceptional business analytical and quantitative skills
- Professional level Japanese and English

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
