### Job Description

#### Responsibilities

- Act as a Chinese–Thai / Thai–Chinese interpreter for meetings, on-site communications, and daily operations.
- Translate communications between Chinese management, engineers, technicians, and factory staff.
- Support communication in production processes, machinery installation, maintenance, and troubleshooting.
- Translate technical documents, machine manuals, reports, and documents related to smelting plant operations.
- Coordinate and liaise between Chinese executives and internal departments within the factory.
- Participate in meetings and perform on-site interpretation to ensure accurate and effective communication.
- Support documentation, reporting, and administrative tasks related to operations.

- Comply with safety, occupational health, and factory regulations at all times.
- Perform other duties as assigned.

#### Qualifications

- Bachelor's degree or higher in Chinese Language, Translation, Interpretation, or related fields.
- HSK Level 5 or above (mandatory).
- Fluent in Chinese and Thai, both spoken and written.
- Good command of English is an advantage.
- Minimum 3 years of experience as an interpreter; experience in manufacturing, industrial plants, or smelting/mining industry is highly preferred.
- Knowledge of technical, engineering, or machinery-related terminology will be an advantage.
- Able to work on-site in factory environments and travel within the production area when required.
- Strong communication, coordination, and interpersonal skills.
