### Job Description

We are seeking a detail-oriented Process Improvement Specialist to enhance financial and accounting operations through automation, digital transformation, and data-driven insights. This role will focus on streamlining workflows, improving efficiency, and enabling better decision-making across finance functions.

### Responsibilities

- Analyze financial and operational processes to identify inefficiencies and improvement opportunities
- Design and implement low-code applications (e.g., Power Apps) integrated with ERP/SAP systems
- Develop and manage RPA solutions (e.g., UiPath, Power Automate) for automating repetitive tasks
- Build dashboards and reports using Power BI and Excel to support financial analysis
- Ensure compliance with financial controls and collaborate with stakeholders for solution rollout and training

#### Qualifications

- Bachelor's or Master's degree in Accounting or a related field
- 3+ years of experience in Accounting or Financial Consulting
- Experience in financial system implementation or development
- Hands-on experience with RPA or low-code tools (Power Apps, Power Automate, UiPath)
- Good command of English and proficiency in Power BI
