### Job Description

#### Company and Job Overview

Our client is a well-established company with over 30 years of experience in manufacturing and exporting outdoor furniture. They are looking for a Furniture Designer to join their team, and playing a key role in product development and coordination between design, R&D, vendors, and production.

Location: Ho Chi Minh, Viet

#### Job Responsibilities

- Coordinate with in-house designers and R&D teams on product development
- Translate design concepts into technical specifications and drawings for sampling
- Manage design revisions and updates throughout the product development process

- Coordinate with R&D teams and vendors during sample development
- Review and ensure accuracy of drawings, specifications, packaging, and documentation
- Conduct product testing to meet customer requirements
- Monitor sample quality, progress, and deadlines before mass production
- Report sample status and development progress to the Production Support Manager

#### **Job Requirements**

- Having University/ College in design- related fields (industrial design, applied art, graphic design, etc.)
- Having at least 3 years of experience in outdoor furniture design, technical design, or product development
- Proficiency in design software such as SolidWorks, AutoCAD, 3D Max, Corel Draw
- Fluent in spoken and written English
- Strong communication, coordination, organizational, and problem- solving skills
