### Job Description

#### Company Overview

Our client is a new start up MNC in chemical manufacturing company seeking a Logistics Senior Executive to manage and optimize our import and export operations. This role plays a critical part in customs compliance, cost optimization, and ensuring smooth cross-border logistics to support uninterrupted production and supply chain efficiency.

#### Key Responsibilities

- Manage import and export customs documentation for chemical products in compliance with Malaysian regulations.
- Ensure accurate HS code classification and effective use of FTAs (RCEP, ASEAN) to reduce duty costs.
- Handle exemption forms, analyze duties and SST, and drive logistics cost optimization.

- Coordinate with freight forwarders, customs brokers, and internal teams to ensure smooth clearance and operations.
- Maintain accurate logistics and customs data using SAP/CMS and office systems.
- Identify compliance risks, ensure 100% regulatory adherence, and support audits when required.
- Prepare and execute logistics contingency plans to manage disruptions and ensure production continuity.

### Job Requirements

- Diploma or Bachelor's degree in Logistics, Supply Chain, International Trade, or related fields.
- Minimum 3–5 years of import/export and customs experience, preferably in manufacturing or chemical industry.
- Sound knowledge of Malaysian customs regulations, HS codes, SST, and FTAs.
- Experience working with freight forwarders and customs agents.
- Proficient in SAP or ERP systems and Microsoft Office.
- Strong coordination, problem-solving, and communication skills.
