Job Description

Our client is a leading global organization in the technology and advanced manufacturing sector, currently seeking a highly driven and experienced Global Accounting Operations Manager. This role will play a critical part in ensuring financial accuracy, compliance, and operational excellence within a fast-paced, multinational environment.

Job Responsibilities

- Delivering measurable operational improvements
- Turning transformation initiatives into sustained capacity release and value realization
- Ensuring stable, scalable, and standardized Accounting COE operations globally
- Acting as a senior advisor in enterprise-wide transformation efforts
- Leading through risk, controls, and high-visibility operational issues
- Using external benchmarks and best practices to define future-state operating models

Job Requirements

- Bachelor's degree in Accounting, Finance, or related field (CPA/CA preferred); MBA is an advantage.
- 12–15+ years of experience in finance transformation, COE, or large-scale operations.
- Proven ability to influence senior leaders and drive decisions across functions and regions.
- Demonstrated ability to lead cross-functional change in complex environments and operate effectively under ambiguity.

- Strong external perspective and strategic thinking; able to translate insights into executable roadmaps.
