Job Description

Job Title: International Insurance Manager / Specialist **Job Summary**

This role is responsible for managing and developing international insurance solutions for the company, including freight, property, and credit insurance. Based in Singapore, you will work with global insurers and brokers to design, implement, and manage insurance programs that support our commodity trading and mining investment activities.

Key Responsibilities

- Build and maintain relationships with international insurance companies and brokers
- Research and stay updated on global insurance products and market trends
- Design and manage insurance programs for freight, warehousing, property, and credit risks
- Enhance and optimise existing insurance programs to meet business needs
- Review, negotiate, renew, and manage insurance contracts
- Handle insurance claims, including submission, follow-up, and settlement

- Support ad-hoc tasks assigned by the department

Requirements

- At least 8 years of experience in insurance, preferably in transportation, property, or credit insurance
- Experience in commodity trading or related industries is an advantage
- Relevant insurance qualifications or certifications (e.g. CPCU, CII) preferred
- Strong knowledge of international insurance markets, products, and brokers
- Good understanding of risk management and insurance program design
- Experience with insurance contract management and claims handling
- Strong communication, negotiation, and analytical skills
- Able to work in a fast-paced environment and collaborate well with teams
- Proficient in English and Mandarin to work with international stakeholders
- Comfortable using MS Office and preparing reports
