Job Description

Job Title: Finance Manager

Location: Singapore - Central

Your New Company

Our client is a global leader in precision engineering and manufacturing, specializing in high-precision components and fastening solutions used across a wide range of industries, including electronics, data storage, and consumer devices. The organization has grown into a trusted partner for many leading multinational companies, supporting them with end-to-end capabilities from design and engineering to advanced manufacturing.

With a strong international footprint spanning Asia and North America, the company leverages its proprietary technologies and integrated production capabilities to deliver innovative, high-quality solutions at scale. Backed by a global industrial group, it combines deep technical expertise with robust manufacturing capabilities, positioning itself as a key player in the precision components space.

New Role

- Lead the end-to-end financial reporting process, ensuring timely, accurate, and consistent submission in line with Group standards
- Prepare and consolidate monthly management reports and reporting packages for internal and Group stakeholders
- Oversee the month-end closing process, ensuring completeness and accuracy of financial results
- Review financial schedules, reconciliations, and supporting documentation to ensure integrity and compliance
- Monitor reporting timelines and proactively liaise with business units to ensure timely delivery of reporting requirements
- Oversee sales reporting to ensure completeness, accuracy, and data integrity
- Support the preparation of annual budgets and periodic forecasts, working closely with cross-functional stakeholders
- Manage and track Capex reporting, ensuring proper governance and visibility of capital expenditure
- Provide insightful analysis and supporting schedules to facilitate management decision-making
- Review GST filings and coordinate with external tax agents on statutory reporting matters
- Partner with external auditors to support interim and year-end audits, ensuring smooth execution
- Drive continuous improvement initiatives, including process optimization, automation, and system enhancements

Key Qualifications for Success

- Bachelor's degree in Accounting or a related field; professional certification (e.g., CA, ACCA) is an advantage
- Minimum 5 years of relevant experience, including at least 3 years in a managerial or supervisory role
- Prior exposure to a multinational and/or manufacturing environment would be beneficial
- Strong analytical capabilities with the ability to interpret complex data and deliver actionable insights
- Effective stakeholder management skills, with the ability to engage and influence senior stakeholders
- Solid business acumen with sound judgement and decision-making ability
- Hands-on experience with ERP systems; SAP knowledge is preferred
- Advanced proficiency in Microsoft Excel, with working knowledge of Word and PowerPoint
- Detail-oriented, well-organized, and able to manage multiple priorities in a fast-paced environment
- Strong communication and coordination skills, both written and verbal
