Job Description

COMPANY OVERVIEW

A Singapore-based private company incorporated in 1993, the business operates in the refrigerated warehousing and cold storage sector, providing temperature-controlled storage solutions primarily for fruits and other perishable food products. It functions as part of a larger, SGX-listed food group, supporting integrated food distribution and logistics operations through its cold storage facilities located in the western industrial area of Singapore, and plays a supporting role within a regional network covering manufacturing, distribution

JOB RESPONSIBILITIES

We are hiring a hands-on Engineering Technician to support the daily operations of a temperature-controlled cold storage facility. This role is ideal for candidates with experience in refrigeration, facilities, or industrial maintenance who are comfortable working independently and on rotating shifts.

- Maintain and troubleshoot refrigeration and cold-room systems

- Perform preventive and corrective maintenance on building and equipment
- Support warehouse and logistics operations
- Troubleshoot faults to ensure smooth daily operations
- Ensure compliance with safety, hygiene, and maintenance standards
