Job Description

Requirements:

- At least 5 years of experience in a garment manufacturing managerial role (Factory Manager / Production Manager / Senior Operations role)
- Strong knowledge of garment production processes (cutting, sewing, finishing, packing)
- Experience in production planning, line balancing, and efficiency improvement
- Strong skills in cost control, budgeting, and productivity optimization

Responsibilities:

- Manage daily factory operations and ensure smooth production flow across all departments

- Monitor and achieve production output targets (daily, weekly, monthly)
- Improve production efficiency, line balancing, and capacity utilization
- Ensure all products meet buyer specifications and quality standards
- Control production costs and identify opportunities for cost optimization
