Job Description

COMPANY OVERVIEW

A Japanese company in advanced materials and electronics-related products is seeking a **Sales Engineer** to be based at its operation in Melaka. This role is responsible to sell and support advanced materials and electronics-related products for industrial use.

JOB RESPONSIBILITIES

- Present products and explain how they solve customer problems.
- Understand customer needs and propose suitable solutions.
- Coordinate with HQ for technical, purchase, and support matters.
- Handle quotations, proposals, and sales documentation.

- Grow sales and support market expansion in Malaysia.

JOB REQUIREMENTS

- Engineering/technical diploma or degree (fresh grads welcome).
- Willing to travel and work across Malaysia, with own vehicle.
- Good communication, presentation, and interpersonal skills.
- Able to work independently and manage time well.
- Very good in communication skills.
