### Job Description

**Our client specializes in Manufacturing (Luxury goods & Jewellery) business**

**Position:** Production Planning / Supply Chain Planning Supervisor

**Salary:** 50,000 – 70,000 THB

**Location:** Bangkok

#### Key Responsibilities of the position:

- Lead cross-functional collaboration across Supply Chain, Manufacturing, IT and external partners to resolve complex planning challenges and drive end-to-end process optimization.
- Own and drive planning performance management, proactively monitoring KPIs (e.g., FROT, runtime, issue resolution) and delivering data-driven improvements.

- Govern planning parameters and master data strategy to ensure accuracy, scalability and alignment with business objectives.
- Translate business needs into strategic system and process enhancements, including leading the design of advanced planning tools and capabilities.
- Establish and enforce planning standards, policies and best practices to elevate operational excellence across the organization.
- Lead system initiatives and transformations (implementation, enhancement, and support), ensuring successful delivery, stakeholder alignment and continuous capability uplift.

**Qualifications required:**

- Bachelor's degree or higher in Engineering, Science, Industrial Management, Business Administration or related fields.
- Minimum 3 years of experience in supply chain, planning or related areas, especially in production scheduling or capacity planning.
- Experienced in project management and system implementation within a manufacturing environment (jewellery industry is a plus).
- Familiar with APS, ERP systems (e.g., SAP, AX), or manufacturing technologies such as MOM.
- Strong analytical mindset with the ability to solve complex operational problems.
- Excellent stakeholder management and communication skills, able to work across functions.
- Agile, adaptable, and able to prioritize effectively in a fast-paced environment.
- Well-organized, structured, and detail-oriented.
- Proficient in MS Office; knowledge of Python is a plus.
- Good command of English (foreigner communication needed)

**Benefits:**

- Meal Allowance 35 THB/ workday
- Social Security Fund
- Provident Fund (3%)
- Bonus (average 2.5 months)
- Health Insurance
- Other leaves as per Thai law and company policy

**Working Day:** Mon - Fri (8.00 - 17.30 or flexible hour)
