Key Responsibilities:

- Deliver Japanese–Thai interpretation between Japanese manufacturing leaders and Thai team members.
- Interpret during meetings, discussions, and on-site activities related to manufacturing operations.
- Translate emails, reports, and various types of documentation.
- Support translation of materials connected to manufacturing, quality, and sales.

- Provide interpretation in manufacturing-related meetings such as production reviews, quality sessions, and improvement discussions.
- Offer interpretation and translation services for meetings or topics requested by the President or Sales Department, when necessary.

Qualifications:

- Japanese level with JLPT N2 or above
- Experience as an interpreter in a Japanese manufacturing environment
- Strong Japanese–Thai language proficiency (spoken and written)
- Good understanding or interest in Japanese culture and manufacturing operations.
- Strong communication and interpersonal skills.
- Ability to work effectively in a team environment.

Preferred Attributes:

- High level of accuracy and attention to detail.
- Ability to work under pressure in a fast-paced production environment.
- Proactive and service-minded attitude.
