Job Description

Company: Energy Infrastructure Investment Company

Position: Senior Manager

Location: London

Salary: competitive

Key Responsibilities

- Originate potential investment opportunities across the energy and infrastructure sectors.
- Lead end-to-end execution of development and investment projects, including negotiations with external stakeholders, joint venture partners, and strategic investors.

- Manage development teams and due diligence processes with internal teams and external advisors.
- Understand and review complex financial models, valuation analyses, and investment cases.

Qualifications & Experience

- Undergraduate degree in Finance, Economics, Law, Engineering or a related discipline; MBA preferred.
- 10 years' prior experience gained in either a leading industrial infrastructure player or financial institution, with relevant infrastructure or energy investment experience
- Fluent in English

We regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
