Job Description

Assistant Financial Controller (Mandarin)

Chinese candidates currently based in Thailand and those who are open to relocating to Thailand for this position

Salary : Negotiable based on qualifications and experience.

Location : Samutprakarn

Industry : Automotive

Working : Mon - Fri

Key Responsibilities

- Oversee accounting operations and collaborate closely with Finance teams in Thailand, China, and the United States to ensure timely and accurate monthly, quarterly, and annual financial reporting.
- Develop, implement, and maintain robust internal control frameworks and financial procedures in line with corporate policies and accounting standards.
- Regularly assess business operations and financial processes to identify potential risks and establish effective mitigation strategies.
- Deliver financial analysis and insights to support management decision-making and drive business performance.
- Lead and manage the Finance and Accounting team, including performance management, coaching, development, and employee engagement.
- Oversee external audits, tax compliance, customs matters, treasury activities, and related financial obligations.
- Drive the budgeting and forecasting process across the organization, ensuring alignment with business objectives and financial targets.
- Identify and recommend opportunities to enhance operational efficiency and improve overall business profitability.
- Partner with management to strengthen financial discipline and operational accountability throughout the organization.
- Prepare ad hoc financial reports, profitability studies, strategic analyses, and support global initiatives and corporate projects as required.
- Direct and oversee information systems functions to ensure effective support for financial operations and reporting.

Qualifications

- Bachelor's degree or higher in Accounting, Finance, or a related field.
- Experience working with US GAAP or US accounting standards is highly preferred.
- Minimum 10 years of progressive experience in financial management, preferably within multinational organizations and/or manufacturing environments.
- Strong background in financial controlling, business planning, budgeting, forecasting, and consulting-related functions.
- Advanced numerical and analytical capabilities with strong proficiency in ERP systems and technology-driven work environments.
- Excellent communication and interpersonal skills, with the ability to effectively engage stakeholders at all levels, including senior management and executive leadership.
- Self-driven, proactive, and capable of working independently in a fast-paced environment.
- Demonstrates integrity, professionalism, and strong ethical standards.
- Strong analytical thinking, problem-solving abilities, and strategic business acumen.
- Quick learner with the ability to adapt to changing business needs and priorities.
