The Product and Strategy team here at Mitsubishi Fuso links corporate strategy development production market and customer functions. We create ONE company flow by steering the product strategy planning and projects hand in hand with teams throughout the organization from the initial guardrail setting to project realization and through to final production. We are involved in the product and business strategy project management and segment strategy of both diesel vehicles and xEVs for Mitsubishi Fuso.

We are the Powertrain department of the Product and Strategy team currently 14 people who define lead and manage all of the powertrain components and projects of Mitsubishi Fuso. This includes diesel powertrain components such as engines transmissions and aftertreatment systems but also zero emission powertrain components such as eAxles batteries and charging systems.

【仕事内容 / Job Description】

Define lead implement and manage projects for powertrain components such as engines transmissions and aftertreatment systems

Set target costs manage risks in accordance with product creation process logic and confirm project maturity at each milestone.

Define and maintain suitable interfaces with vehicle projects to ensure component roadmaps are aligned with the overall product strategy.

Proactively review market trends competitor activities and emerging technologies to curate the best potential portfolio for customers and the company.

Prepare comprehensive project documentation and reports for board approvals.

Define and integrate line functions external service providers and suppliers to create a cohesive project team.

Synthesize product customer and market needs to ideate and develop solutions that support the company's powertrain product strategy.

Required Skills

■ Job Experience Knowledge

Minimum of 5 years of project management experience preferably in automotive industry.

Automotive and powertrain knowledge preferred.

Strong communication skills and ability to present complex information to leadership is a must.

Strong ability to build relationships and mediate between conflicting parties also a must.

Entrepreneurial mindset a plus.

PMP certification a plus.

■ Language Level

Japanese: Business is a plus (not mandatory)

English: Business
