Job Description

Responsibilities

- Operate and oversee FB Press machines and daily production activities.
- Perform machine setup, die change, parameter adjustment, and production line changeovers.
- Monitor production output and ensure achievement of production targets.
- Control product quality and ensure compliance with safety requirements and work standards.
- Supervise and provide guidance to production operators on the shop floor.
- Conduct on-the-job training (OJT) and promote safe working practices.
- Troubleshoot machine and process-related issues and coordinate corrective actions.

- Perform root cause analysis and implement preventive actions to avoid recurrence.
- Lead continuous improvement activities, including 5S, productivity improvement, yield improvement, downtime reduction, and cycle time reduction.
- Support standardization and continuous improvement initiatives within the production area.

Qualification

- Experience in FB Press, Parts Former, Cold Forging, Metal Forming, or related manufacturing processes.
- Hands-on experience in machine setup, die change, machine adjustment, and troubleshooting.
- Experience leading production operators and ensuring quality, safety, and production target achievement.
- Familiar with 5S, Kaizen, productivity improvement, and continuous improvement activities.
