Job Description

We are a US-based electronics manufacturing company delivering high-technology interconnect, sensor, and antenna solutions to global customers across Automotive, Broadband Communications, Aerospace, Defense, Industrial, IT, and Mobile Networks industries. Join our customer-focused organization and contribute to innovative, high-reliability manufacturing solutions.

Job Responsibilities

- Production Planning: Develop and execute production schedules to meet output targets and deadlines.
- Resource & Budget Management: Estimate costs, negotiate budgets, and ensure optimal procurement of raw materials and supplies.
- Quality Assurance: Establish and monitor quality control standards to minimize defects and customer complaints.
- Equipment Maintenance: Organize routine servicing and emergency repairs to prevent equipment downtime.

- Team Leadership: Hire, train, schedule, and evaluate production staff while fostering a culture of continuous improvement.
- Health & Safety: Enforce strict adherence to safety regulations and workplace protocols.

Job Requirements

- Min Diploma in relevant fields
- Min 7-10 years in production management
- Strong understanding of manufacturing processes, lean manufacturing, and supply chain logistics.
- Ability to quickly troubleshoot production bottlenecks and equipment failures.
