Job Description

A global construction equipment supplier is looking for a Logistics and Warehouse Specialist. The selected candidate will manage logistics, warehouse operations, inventory control, and shipment coordination with internal teams and external partners. This is a hybrid role.

An international construction equipment supplier with nearly 100 years of history of innovation and success within its industry. They continue their mission to provide high-quality products to customers and become the number one solution provider in technology and manufacturing.

Keywords:

サプライチェーン, 物流, ロジスティクス, 求人, 外資系

Job Ref: 71KRD6

Responsibilities:

- Coordinate domestic and international shipments with factories, carriers, freight forwarders, warehouses, customers, and internal teams
- Manage daily 3PL warehouse operations, including receiving, storage, picking, packing, shipping, returns, and stocktaking
- Monitor logistics and warehouse performance, including transportation costs, delivery schedules, inventory accuracy, productivity, quality, and service levels
- Maintain inventory accuracy, analyse stock levels, and support replenishment, allocation, and inventory optimisation activities
- Resolve shipment, delivery, warehouse, and inventory issues through root cause analysis and corrective actions
- Maintain shipment and inventory data using WMS, ERP systems, and Excel while supporting process and system improvements

Requirements:

- 3-5 years of practical experience in warehouse operations, inventory control, logistics, or supply chain operations
- Experience managing inbound and outbound logistics activities, including transportation coordination and inventory management
- Prior experience using ERP and WMS systems (Oracle experience is preferred)
- Proficient in MS Office Suite
- Proficient in Japanese (JLPT N1); business level English (TOEIC 700+ is ideal)

Preferred requirements:

- Experience working with 3PL warehouse providers and logistics service partners
- Prior experience in a multinational company or import/distribution business environment
- Proven experience participating in operational improvement initiatives or cross-functional projects

Company Description

For over 25 years, in Japan, we have been a driving force in the Japanese bilingual recruitment market, providing high-quality candidates for our clients and access to the best jobs. We always put the interests of our clients and candidates first and run on a non-commission model that promotes a working culture where teamwork is incentivised. We strive to find the best fit for both employer and job seeker and don't push people into unsuitable roles.
