Job Description

Job Title: Senior Accountant

Location: Singapore - Central

Your New Company

Our client is a fast-growing, venture-backed AI infrastructure company headquartered in Singapore, providing high-performance GPU cloud and AI computing solutions across Asia. The business supports enterprises and AI-native organizations with the infrastructure needed to build, train, and deploy next-generation AI applications at scale. The company is backed by prominent investors and operates at the forefront of the rapidly expanding AI ecosystem.

New Role

- Manage the full spectrum of accounting activities for subsidiary entities, including preparation and review of profit & loss statements, balance sheets, and cash flow reports.
- Lead month-end and year-end financial closing processes across multiple international entities.

- Prepare and maintain group consolidation schedules, including intercompany eliminations, foreign currency translation, and consolidation entries.
- Ensure compliance with statutory reporting, tax regulations, and filing requirements in the respective jurisdictions.
- Coordinate with external auditors, tax consultants, and regulatory stakeholders to support compliance and reporting obligations.
- Perform intercompany account reconciliations and assist in maintaining transfer pricing documentation and related processes.
- Support the preparation of consolidated financial statements in accordance with relevant accounting frameworks such as IFRS or US GAAP.
- Facilitate and coordinate group and local statutory audits, ensuring timely resolution of audit queries and deliverables.
- Drive continuous improvement initiatives to enhance financial reporting processes, internal controls, and multi-entity accounting efficiencies.

Key Qualifications for Success

- Bachelor's degree in Accounting, Finance, or a related discipline, with a professional qualification such as ACCA, CPA, CA, or equivalent viewed favorably.
- At least 5 years of relevant accounting and finance experience, including a foundation gained within a Big 4 accounting firm.
- Demonstrated experience managing accounting and reporting for overseas entities, including exposure to multi-country operations and group consolidations.
- Strong command of both English and Chinese, written and spoken, to effectively communicate with regional teams and stakeholders.
- Solid understanding of IFRS and/or local GAAP, with experience working within complex group structures considered advantageous.
- Hands-on experience with ERP and accounting systems such as NetSuite, Sage 300, QuickBooks, or similar financial reporting platforms.
- Strong analytical skills with a high level of accuracy, attention to detail, and the ability to manage competing deadlines.
- Self-motivated and able to work independently while maintaining strong stakeholder management and communication skills.
- Prior experience within the cloud computing, data center, infrastructure, or technology sectors.
- Knowledge of intercompany accounting, transfer pricing frameworks, and cross-border tax considerations within multinational organizations.
