Job Description

Company and Job Overview

Location: Da Nang, Vietnam

A growing technology organization is seeking a Project Leader / Bridge System Engineer (BrSE) to lead software development projects, manage Japanese client engagement, and coordinate cross-functional teams to deliver high-quality solutions across various business domains.

Job Responsibilities

- Lead software development projects from planning through delivery, ensuring alignment with scope, timeline, budget, and quality objectives.

- Develop project plans, schedules, resource allocation strategies, and delivery roadmaps.
- Monitor project performance and proactively manage risks, issues, and change requests.
- Serve as the primary communication bridge between Japanese clients and offshore development teams
- Facilitate requirement gathering, project discussions, issue resolution, and stakeholder communications.
- Conduct project presentations, status updates, and negotiations in Japanese.
- Lead and mentor project team members to drive performance and professional growth.
- Foster a collaborative and results-oriented team environment.

Job Requirements

- Bachelor's degree in Computer Science, Information Technology, Software Engineering, or a related field.
- Japanese proficiency at JLPT N2+ level
- Minimum 4 years of experience in software development projects.
- At least 2 years of experience as a BrSE, Project Leader, Team Leader, or similar role supporting Japanese clients.
- Proven experience in project planning, estimation, resource management, quality control, and risk management.
- Good understanding of software development life cycle (SDLC).
- Experience working with either Waterfall or Agile/Scrum methodologies.
- Experience in web application development.
- Hands-on technical exposure to technologies such as Java (Spring Framework) and Angular.
- Nice to have: Experience in Banking, Financial Services, or related domains.

Benefit

- Competitive salary package with performance-based incentives.
- Hybrid working model, Monday to Friday.
- 13th-month salary
- Foreign language allowance
- Comprehensive insurance package, including statutory insurance and premium healthcare coverage.
- Annual health check-up
- Up to 18 days of annual leave.
- Professional development support through language training, technical certification sponsorship, and access to online learning platforms.

Due to the volume of applications, only shortlisted candidates will be contacted. Thank you for your interest.
