Job Description

Our client is a global manufacturing organization specializing in high-precision engineered components for medical, industrial, and consumer applications. Join them now as a Production Section Head to be a part of an ever-growing team.

Job Responsibilities

- Oversee all functions of the Production Operation, ensuring alignment with established policies and procedures to maintain smooth, efficient, and compliant manufacturing processes.
- Collaborate with supporting departments or initiate actions to drive projects that improve product performance, quality, cost, and delivery.
- Ensure operators meet designated Units Per Hour (UPH) and optimize material utilization.
- Drive continuous improvement efforts to achieve defined PI targets.

- Determine competence requirements for personnel handling chemicals, scheduled waste, or tasks with potential environmental impact.
- Identify training needs and develop operator competencies to meet KPIs through clear communication, planning, monitoring, and evaluation of performance.
- Resolve issues and disputes within the production area promptly and effectively.
- Enforce 5S practices across all work areas to ensure workplace organization and efficiency.
- Ensure compliance with RBA and Supplier Code of Conduct requirements.

Job Requirements

- Certificate / Diploma / Degree in Mechanical / Electrical Engineering or its equivalent.
- At least 5 years' working experience in the manufacturing field.
- Knowledge in Microsoft Office.
- Good interpersonal and communication skills and able to interact with people at all levels.
- Knowledge in ISO 9001, ISO 14001, ISO 13485 and IATF 16949.
