Job Description

Company Overview

Our client is a highly esteemed and well-established engineering contractor, recognized globally for its comprehensive Mechanical & Electrical infrastructure expertise. With a significant and successful presence in Singapore, they are a leader in delivering complex, large-scale projects, including cutting-edge data centers, commercial high-rises, and industrial facilities. Their commitment to superior quality, precision engineering, and rigorous safety standards sets them apart. As they continue to expand their impressive portfolio of critical infrastructure projects, they are seeking an experienced and dynamic Senior Project Manager to lead key initiatives and drive successful project outcomes.

Key Responsibilities

- Lead the project team and facilitate their ability to complete projects on time and within scope.
- Manage and oversee the day-to-day operations of projects and on-site works.
- Ensure the smooth implementation of project plans and continuously monitor work progress.

- Supervise workers and sub-contractors to ensure all works are carried out according to the project schedule and meet stringent quality standards.
- Take charge of the planning, assessment, and implementation of comprehensive project safety systems and ISO quality systems.
- Communicate and coordinate effectively with clients and consultants to clarify requirements; plan, monitor, and control the project through its entire lifecycle.
- Prepare accurate site progress reports, manage necessary documentation, and actively participate in daily site meetings.
- Proactively identify, troubleshoot, and resolve site issues effectively and efficiently.

Key Requirements

- Degree or Diploma in Electrical Engineering or an equivalent discipline.
- Minimum of 18 years of relevant industry experience, with at least 10 years of dedicated project management experience handling local projects.
- Strong technical acumen paired with excellent interpersonal skills.
- Highly motivated self-starter possessing strong leadership qualities and the ability to work independently within a challenging and fast-paced environment.
- Exceptional communication skills with the ability to engage and influence stakeholders at all levels.
- Proven track record of excellent project management capabilities and strong analytical problem-solving skills.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
