Job Description

Our client is a leading global pharmaceutical company seeking a Senior Medical Affairs & Clinical Research Specialist to join its expanding Oncology team.

This role offers an exciting opportunity for professionals with experience in Medical Affairs, MSL, Clinical Research, or related scientific functions to support innovative oncology products and work closely with healthcare professionals, key opinion leaders, and cross-functional stakeholders.

Key Responsibilities

- Lead medical affairs activities for assigned oncology products.
- Build and maintain relationships with KOLs, investigators, and healthcare professionals.
- Present and discuss clinical data, scientific evidence, and product information.
- Organize and support advisory boards, scientific exchange meetings, and medical education programs.
- Respond to medical inquiries from external and internal stakeholders.

- Collaborate with Marketing, Regulatory, Market Access, and other cross-functional teams.
- Support clinical research activities, including registration trials, post-marketing studies, and investigator-initiated studies.
- Provide scientific insights and ensure all activities comply with company policies and industry regulations.

Requirements

- Bachelor's degree in Pharmacy
- Minimum 5 years of experience in Medical Affairs, MSL, Clinical Research, or related pharmaceutical functions.
- Oncology experience preferred.
- Strong experience engaging with KOLs and healthcare professionals.
- Good knowledge of clinical research, GCP, and healthcare compliance requirements.
- Strong communication, presentation, and stakeholder management skills.
- Proactive, well-organized, and able to work independently.
- Strong teamwork and cross-functional collaboration skills.
- Good command of Thai and English.
- Own vehicle and able to travel for business purposes.
