Job Description

Job Title: Finance Manager (Manufacturing)

Location: Singapore - West

Your New Company

My client is a Japanese precision engineering and manufacturing company that provides high-quality machining, assembly, and supply chain solutions to customers across industries such as semiconductors, medical devices, and industrial equipment. With a strong presence across Asia, the company is committed to delivering innovative solutions and operational excellence to support its customers' manufacturing needs.

Your New Role

- Manage the full spectrum of accounting activities, including Accounts Payable, Accounts Receivable, General Ledger, month-end closing, and financial reporting.
- Lead product costing activities, including standard cost setting, cost roll-ups, and ongoing cost analysis to ensure

accurate inventory valuation and profitability reporting.

- Analyze key manufacturing cost drivers such as material costs, labor, depreciation, yield, and overhead absorption, providing recommendations to improve cost efficiency.
- Identify and drive cost-reduction initiatives while partnering with operations to support process improvements and make-or-buy decisions.
- Develop financial models and perform financial analysis to support strategic planning, business growth, and management decision-making.
- Prepare timely and accurate management reports, dashboards, and presentations, providing insights into financial and operational performance.
- Lead the budgeting and forecasting process, including annual budgets, rolling forecasts, variance analysis, and recommendations for corrective actions.
- Ensure compliance with accounting standards, tax regulations, GST requirements, and internal policies, while coordinating external audits and statutory filings.
- Manage treasury functions, including cash flow forecasting, working capital optimization, banking relationships, and liquidity management.
- Establish and strengthen internal controls, monitor key financial and operational KPIs, and support continuous improvement initiatives to enhance business performance.

Key Qualifications for Success

- Bachelor's Degree in Accounting, Finance, or a related discipline preferred.
- Minimum 5 to 7 years of relevant accounting and finance experience, preferably within the manufacturing industry, including team management responsibilities.
- Strong understanding of accounting principles, financial reporting standards, and statutory compliance requirements.
- Ability to communicate effectively with Mandarin-speaking stakeholders, including counterparts based in China.
- Proficient in SQL and Microsoft Office applications, particularly Excel, Word, and PowerPoint.
- Strong analytical and problem-solving skills, with the ability to interpret complex financial and operational data.
- Proven leadership capabilities with experience managing, coaching, and developing team members.
- Excellent communication and interpersonal skills, with the ability to collaborate across functions and levels of the organization.
- Proactive, well-organized, and meticulous, with the ability to work independently and manage multiple priorities in a fast-paced environment.
- High level of integrity and discretion in handling confidential business and financial information.
- Candidates who are available immediately or on short notice will have an added advantage.
