Job Description

COMPANY OVERVIEW

A well-established technology services company delivering IT solutions, infrastructure support, and outsourced operational services. It works with clients across various sectors to enhance efficiency and strengthen digital capabilities.

This is a 6-month agency contract role (extendable/renewable)

JOB RESPONSIBILITIES

- Lead solution architecture and design for Finastra Global PAYplus (GPP).
- Design and support payment system integrations.
- Drive payment system implementation, upgrade, migration, and enhancement projects.
- Collaborate with business users, project teams, and vendors on solution delivery.

- Provide technical guidance and architecture recommendations.
- Troubleshoot complex application and integration issues.
- Perform root cause analysis and incident resolution.
- Provide Level 3 production support for critical payment applications.
- Ensure system scalability, reliability, and security.
- Prepare solution design and architecture documentation.

JOB REQUIREMENTS

- Degree in Computer Science, IT, Engineering, or related field.
- Atleast 8 years of solution architecture, application design, or system integration experience within banking/financial environment.
- Atleast 1 years of hands-on experience with Finastra Global PAYplus (GPP).
- Strong knowledge of payment systems (RTGS, real-time, domestic, and cross-border payments).
- Experience with ISO 20022 and SWIFT messaging.
- Strong troubleshooting and root cause analysis skills.
- Experience providing Level 3 Production/Application Support.
- Good stakeholder management and communication skills.
- Experience with cloud, containers, or DevOps tools is good to have.
- Payment transformation, modernization, or migration project experience is good to have.
- Knowledge of FAST, PayNow, SWIFT, MEPS+, or other payment networks is good to have.
