Job Description

We are looking for an experienced **Medical Affairs Manager.** This role will be responsible for providing scientific and medical expertise, building relationships with healthcare professionals, and working closely with internal teams to support business objectives while ensuring compliance with industry regulations.

Responsibilities

- Provide scientific and medical support for the company's products.
- Build and maintain relationships with Key Opinion Leaders and healthcare professionals.
- Organize medical education programs, advisory boards, and scientific meetings.
  Deliver medical training and scientific updates to internal teams.
- Review and approve promotional and medical materials.
- Gather medical insights from healthcare professionals and share feedback with internal stakeholders.

- Support clinical studies and post-marketing activities.
- Work closely with Marketing, Sales, Regulatory, and Market Access teams.
- Ensure all activities comply with company policies and industry regulations.

Requirements

- Bachelor's Degree in Pharmacy or Medicine
- Minimum 5 years of experience in the pharmaceutical industry.
- Experience in Medical Affairs, Medical Advisor, Medical Manager, or related roles.
  Strong scientific and medical communication skills.
- Experience working with KOLs, hospitals, and healthcare professionals.
- Good understanding of clinical research and medical compliance.
- Good command of English.
- Strong presentation, stakeholder management, and interpersonal skills.

About the Company

Our client is a global pharmaceutical company headquartered in Japan, dedicated to creating innovative medicines and improving the quality of life for patients worldwide. The company has a strong presence across multiple therapeutic areas and is committed to advancing healthcare through scientific innovation and patient-focused solutions.
