Job Description

Our client is a very stable, profitable construction firm with a diverse, international workforce, long-term stable client contracts, low overtime and excellent HR support.

They are hiring Site Engineers for government-related construction and renovation projects in the Kanto area.

Main duties

- Site management: schedule, quality, safety and cost
- Prepare work schedules, quantity take-offs and estimates
- Coordinate subcontractors and order materials
- Review shop drawings and submittals
- Run safety briefings and site inspections

Work environment

- Bilingual team; English is used with clients
- Bonuses and annual raises

Required Skills

Must

- 3+ years of construction site management experience (building, civil, electrical, plumbing or HVAC)
- Business-level Japanese
- Driver's licence (automatic OK)

Welcome

- 1st- or 2nd-class construction management licence (施工管理技士)
- English at daily conversation level or above, or willingness to use English at work
- AutoCAD
