Job Description

Our client is a very stable, profitable construction and engineering firm with a diverse, international workforce, long-term stable client contracts, low overtime and excellent HR support.

They are hiring Construction QA/QC Inspectors for government-related construction projects in the Kanto area, with projects across Japan.

Main duties

- Inspect work against drawings, specifications and quality plans
- Review submittals, test reports and material certificates
- Track and close quality deficiencies with site teams and subcontractors
- Prepare daily quality reports in English

Work environment

- Bilingual team; English used with clients
- Bonuses and annual raises

Required Skills

Must

- 3+ years in construction quality control or inspection
- Business-level English
- Japanese at daily conversation level or above

Welcome

- Construction management licence (施工管理技士)
- CQM (Construction Quality Management) training

Company Description
