Job Description

Our client is a very stable, profitable construction and engineering firm with a diverse, international workforce, long-term stable client contracts, low overtime and excellent HR support.

They are hiring Electrical Technicians for construction and facility maintenance on government-related projects in the Kanto area, with projects across Japan.

Main duties

- Install, maintain and repair electrical systems and equipment
- Troubleshoot faults and carry out testing
- Follow safety rules and keep work records
- Work with site supervisors and coordinators

Work environment

- Bilingual team; English used with clients
- Bonuses and annual raises

Required Skills

Must

- Hands-on electrical installation or maintenance experience
- Japanese or English at daily conversation level or above
- Driver's licence (automatic OK)

Welcome

- Electrician licence (電気工事士)
