Job Description

COMPANY OVERVIEW
Our client is a leading European chemical distribution company with over 140 years of industry expertise. It serves customers across automotive, industrial, coatings, plastics, and specialty chemicals sectors through a broad European network. Backed by a major Japanese global group, the company combines international reach with a dynamic and entrepreneurial culture. It also offers integrated logistics and supply chain solutions, supporting sustainable growth across Europe.

JOB RESPONSIBILITIES

- Support the preparation of monthly, quarterly and annual Group
- Reporting for Management and the corporate headquarters
- Assist in the consolidation, validation, analysis and management-oriented presentation of financial results
- Support the Group-wide budgeting and forecasting process
- Prepare variance analyses, ad hoc analyses and KPI reports

- Analyze revenue, profitability, margins, costs, working capital, liquidity and cash flow
- Support the development and continuous improvement of Group-wide KPI and reporting systems
- Collaborate closely with Accounting, Finance, Tax, local operating units, subsidiaries and the corporate headquarters
- Support the implementation and further development of consolidation, planning and reporting tools such as Lucanet, Power BI or Excel-based solutions
- Participate in special projects, including business cases, investment decisions, M&A projects and company valuations

JOB REQUIREMENTS

- Degree in Business Administration, Economics or a comparable qualification
- Initial to several years of professional experience in Controlling, Group Reporting, Corporate Controlling or a comparable finance function
- Experience in preparing management reports, budgets, forecasts, variance analyses and KPI reporting
- Good understanding of accounting processes, monthly and annual financial statements as well as basic consolidation principles
- Confident handling of large datasets and complex Excel models
  Interest in the further development and digitalization of reporting and controlling processes
- Strong communication skills and the ability to collaborate effectively with different business functions and international stakeholders
  Hands-on mentality and a solution-oriented approach in a dynamic environment
- Excellent written and spoken German and English
- Proficient in Microsoft Office, especially Excel
- SAP user knowledge as well as experience with reporting, planning or business intelligence tools such as Power BI, Lucanet or comparable systems is an advantage
